... THE DAY'S BEST THOUGHT ...

"Woman's place is in the home," is an old saying. But if she can hire anybody to hold it down she sits in at a bridge party or contents herself with a movie.

Now that the fashion writers say the women are going to wear turbans this winter, the everlastingly alarmed must-hustle to find why wearing a turban is immodest.

Don't get mixed up with that outside fellow that you call yourself—Walk up to the looking glass, take a good look at him and give him the laugh. Use your will power. Tell him he can't get you.

The thermal container is designed to keep cold what should be cold in a meal and to keep hot what should be hot. The reverse seems to be the object of many who cook and serve.

When the Prodigal Son returned the fatted calf was killed and all the neighbors were invited to celebrate. But if he should return now he would be fed on bacon and beans, and the only fatted calves he would see would be in silk stockings.

"The Bluegrass is called God's County," but there are a great many people inhabiting it who God won't claim as his own.—Elizabethtown News.

Strange, Harry, you should be the only one to get a wireless message from the above regarding this matter!

It is not possible for all men to hobnob with people of affairs constantly, and it is indeed foolish to live beyond our means, but in our democratic American life there is ample opportunity for the man who knows how to handle himself to meet people who are progressive, enterprising and alert.

Several have written that they "have theirs" for the "Subscribe For Your Home Paper" week, November 7 to 12. You cannot do a greater favor or furnish more enjoyment by a single act than to send THE NEWS into homes of former residents of Paris or Bourbon county. It's a sure relief for home-sick blues. Get yours now.

A Paris man says he has just signed a new lease on an apartment which provides among other things, that in case of fire he shall notify the owner at once. He wants to know what he shall do if the owner happens to be visiting in California at the time—shall he wire or would a letter or postal card fill the requirements?

Dragging our weary way through a long, lean life of densest ignorance regarding that cabalistic "R. S. V. P." we were enlightened recently by an intimate friend, who kindly slipped us the information that those mystic symbols stood for "Really Sane Volstead Period." We have often wondered what those characters meant.

Lowest Prices Ever Quoted on Titan and International Tractors

The Harvester Company has made another big price cut on Titan and International Tractors. This reduction wipes out all former advances and puts these tractors at the lowest prices at which they have ever been sold. We are offering:

International 8-16, \$900

This price is about one-fourth less than that of March 1, 1921. The new price includes all necessary equipment—platform, fenders, governor, belt pulley—which cost extra on some tractors.

Titan 10-20, \$900

This is the lowest price ever quoted on the Titan, considering equipment included (formerly sold extra). At this price the Titan 3-plow tractor is the best value in the farm power field.

International 15-30, \$1,750

This also is lower than any former price. You cannot find a better 4-plow tractor for the money.

All prices are f. o. b. Chicago. The Harvester Company advises us these prices are made regardless of manufacturing costs and that they do not guarantee to maintain them. These prices certainly justify the immediate purchase of a tractor. We can arrange suitable terms for you. Come in and see us.
